

## Standard Lead Times

For the week of: 2/17/21 - 2/24/21

Published lead times are guidelines only and are based on current schedule dates. **Please contact your estimator if your project requires faster service and we will work with you to meet those needs.** Also note, actual lead times will be based on the schedule at time of order and at time of release by Industrial Louvers.

### New Submittal Lead Time

| Product Type / Description     | Dollar Value        | Drafting Lead Time | Engineering Lead Time (if req'd) | Total Lead Time |
|--------------------------------|---------------------|--------------------|----------------------------------|-----------------|
| Louvers & Equip. Screen (mech) | \$0 - \$5,000       | 2-3 weeks          | 3-4 weeks                        | 5-6 weeks       |
| Louvers & Equip. Screen (mech) | \$5,000 - \$25,000  | 3-5 weeks          | 3-4 weeks                        | 6-9 weeks       |
| Louvers & Equip. Screen (mech) | \$25,000-\$50,000   | 4-6 weeks          | 3-4 weeks                        | 7-10 weeks      |
| Louvers & Equip. Screen (mech) | \$50,000+           | Please Ask         | Please Ask                       | Please Ask      |
| Louvers & ECG (weld)           | \$0 - \$5,000       | 2-3 weeks          | 3-4 weeks                        | 5-6 weeks       |
| Louvers & ECG (weld)           | \$5,000 - \$25,000  | 3-5 weeks          | 3-4 weeks                        | 6-9 weeks       |
| Louvers & ECG (weld)           | \$25,000-\$50,000   | 4-6 weeks          | 3-4 weeks                        | 7-10 weeks      |
| Louvers & ECG (weld)           | \$50,000+           | Please Ask         | Please Ask                       | Please Ask      |
| Sunshades                      | \$0 - \$5,000       | 2-3 weeks          | 3-4 weeks                        | 5-6 weeks       |
| Sunshades                      | \$5,000 - \$25,000  | 3-5 weeks          | 3-4 weeks                        | 6-9 weeks       |
| Sunshades                      | \$25,000 - \$50,000 | 4-6 weeks          | 3-4 weeks                        | 7-10 weeks      |
| Sunshades                      | \$50,000+           | Please Ask         | Please Ask                       | Please Ask      |
| Revisions                      |                     | 2-3 weeks          | 3 weeks                          | 5-6 weeks       |

\*New dies will result in longer lead times. Please consult with engineering for lead time.

**\*Please note there may be extended lead times for anodizing - not included in chart. We recommend using a painted finish at this time. Verta lead time 7 days.**

### Production Lead Time (from ILI release date)

| Product Type / Description     | Dollar Value       | Total Lead Time |
|--------------------------------|--------------------|-----------------|
| Louvers & Equip. Screen (mech) | \$0 - \$5,000      | 2-4 weeks       |
| Louvers & Equip. Screen (mech) | \$5,000-\$50,000   | 5-7 weeks       |
| Louvers & Equip. Screen (mech) | \$50,000+          | Please Ask      |
| Louvers & ECG (weld)           | \$0 - \$5,000      | 2-4 weeks       |
| Louvers & ECG (weld)           | \$5000 - \$50,000  | 5-7 weeks       |
| Louvers & ECG (weld)           | \$50,000+          | Please Ask      |
| Sunshades                      | \$0 - \$5,000      | 2-4 weeks       |
| Sunshades                      | \$5,000 - \$50,000 | 5-7 weeks       |
| Sunshades                      | \$50,000+          | Please Ask      |

Please note that any outside fabrication may affect the lead times as noted above.

**Quick Ship Lead time - 3 weeks - see quick ship form for more details**
